THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the Society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is essentially an American Company, strengthened by a large bona fide Capital safely invested in London; equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.

JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co's

Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Rickards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty-eight years experimenting upon these machines, not one in the is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
Philadelphia."
May 19, 1849.
I deny that any person ever saw or heard of such a machine as mine until I invented the same. My machine was operated in the month of August, 1848, and my machines before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be agreed to for such a trial.

OFFICIAL PAPER OF THE CITY.

No Paper To Morrow.—This being Christmas [illegible] a time honored Holiday, our office will be closed and no paper issued to-morrow [illegible].

"MERRY CHRISTMAS."

Let us [illegible] to the one great Fami[illegible] and as we meet and mingle in our [illegible] heart [illegible] as well as [illegible] "Merry Christmas!"

"THE CAPITOL IN FLAMES!"

[illegible] the startling intelligence conveyed [illegible] telegraph yesterday morning, and [illegible] in a Sentinel Ex[illegible]. The fire was first discovered about 8 A. M. [illegible] received at [illegible] office in this city in fifteen minutes from [illegible] Washington. The news excited [illegible] public curiosity was on the [illegible] intelligence. This we were enabled to [illegible] by 2 P. M. in a second extra, [illegible] of the fire and the gratifying [illegible] ravages had been checked. Some [illegible] detail will be found under the Telegraph head. It will be seen that the valuable Congressional Library is entirely destroyed. This [illegible] to the building itself is [illegible] to both the Speed and O'Reilly Offices [illegible] furnishing us the news [illegible].

Harbor and River Improvements.

The appropriations for harbor, and other improvements of the last Congress were defeated by a class of men whose allegiance ought to their own [illegible] and care nothing for the great interests of the country [illegible] their hands. They are bound [illegible] principle, but seek on every occasion by unwarranted display to show devotion to their constituents; while their acts when analyzed by fair criticism exhibit the hollowness of all their professions, and their utter unworthiness [illegible] interests, which, under this [illegible] with a thousand others, and in loud promises in making appropriations [illegible] the public, and not individual [illegible].

[illegible] we should [illegible] in General [illegible] the Detroit Free Press. We [illegible] will better characterize [illegible] and the rest of the [illegible] the Free Press in the [illegible] somebody [illegible] the interests of the [illegible] that the blow is felt most [illegible] at the Sault St. Marie! [illegible] an important work that [illegible] been provided for, but [illegible] and unfortunately [illegible].

A good Whig Senator from New Jersey, has brought forward the defeated bill thus early in the [illegible] Gen. Cass and his party can [illegible].

A Question.—Suppose after the United States [illegible] according to the Walker plan, to see that every nation is allowed "to dispose of itself." Ireland should put [illegible] claim to their privilege. What is to be done? [illegible]

Why, John Bull would admit the claim, of course! And so too, if the nation of South Carolina insists upon setting up for itself, or transferring its allegiance to John Bull, what can Uncle Sam do but [illegible] to the arrangement? Nay, if [illegible] of the South should themselves claim [illegible] by this covenant of "dis[illegible]" who is to hinder them? We should be none the worse qualified to "proclaim Liberty throughout all the world unto all the inhabitants thereof," and certainly none the [illegible] to be heard and heeded, when we have [illegible] practical steps to [illegible] Universal Emancipation at home.

Capt. Kidd not a Pirate.

[illegible] of the New York Historical Society, on Tuesday last, Judge Campbell, one of its [illegible] delivered an address in vindication of Capt. Kidd, in which he showed that Kidd had been an officer in the English Navy prior to 1691, &c.—N. York Paper.

Captain Kidd not a Pirate! Well, we like that. What next will they get up next? No doubt we shall presently have some antiquarian Paul Pry discovering that Robinson Crusoe was a myth, that Gulliver never traveled, and that Blue Beard was a model husband. Nay, it would not surprise us to be told that there is not a particle of green cheese in the moon, and that Santa Claus (bless his merry face) exists only in picture books, nursery tales and Professor Moore's rhymes. We call every stocking in town to witness that Santa Claus, in his own proper person, with his Reindeer coursers, Siberian Furs, rosy cheeks and ruddy nose, was up and doing last night, chirping merrily at his work, and just as full of fun and activity as ever. Captain Kidd not a pirate indeed! Tell that to the Marines.

River and Harbor.—Mr. Miller, a whig senator from New Jersey, has responded promptly to the recommendations of the President's Message in behalf of River and Harbor Improvements, by introducing the identical bill which passed the last House of Representatives, and was talked to death in the Senate at the close of the session.—There can be no pretence now that there is not time enough to consider this bill. It stands among the first on the [illegible], and ought to maintain its precedence. The President stands ready to approve and sign such a bill. It remains to be seen whether Congress is willing to pass it.

Honors [illegible] to a Young Lady.—Miss Sophia [illegible], daughter of the Hon. F. B. Foote, State Senator from Davidson Co., Tenn., died at Nashville on the 29th of October. She was the grand-daughter of Edward Rutledge and [illegible] Middleton, two of the signers of the Declaration of Independence, and was greatly admired for her [illegible] intellectual, moral and personal accomplishments. In token of respect for herself and father, both Houses of the Tennessee Legislature adjourned to attend her funeral. This is an honor we have never known paid before to the memory of any young lady.

Opening of the Wilton Railroad.—We learn from the Concord Patriot that the Wilton Railroad was opened to East Wilton on Monday December 8th. They had a great time there, about 1000 people being present, and speeches were made, a collation eaten, &c.

Ages of Distinguished American Statesmen.—Our great statesmen are most of them of ripe years and mature experience. Witness the ages of the following, which we believe to be authentic:

Webster and Cass are both about sixty-eight, Scott sixty-seven; Houston, Wood, Marcy and Butler, sixty, or more; Buchanan, sixty-two; Lane fifty; Fillmore, fifty-three; Douglass, thirty-nine. *Det. Free Press.*

Seeing Gen'l Lane's name included in the above under the title of "distinguished statesmen," reminds us of the fact that at the reception of that gentleman at Indianapolis, his nomination for the Presidency by the Locofocos of the Legislature was spoken of; whereupon the "distinguished statesman" took occasion to say that he "had no agency in placing his name in that connexion; yet he shunned no responsibility, and, if the choice should fall on him, he should endeavor faithfully to discharge the duties."

Just imagine the modesty of the thing. General Joseph—Lane—of Indiana—will, as a great mark of condescension, consent to serve! He shuns no responsibility—he don't! We have seen nothing equal to it, since the memorable instance when Gen'l John Schnierle "consented to run" for mayor of Charleston!

Weekly Democrat.

After the first of January, the Weekly Democrat will be enlarged to the size of the largest paper in the State, and will equal any in mechanical execution. The Democrat is now the oldest paper in the State under the same management, and we believe commands a large a share of the confidence of the public and the party as any other.—*Mad. Dem.*

The Proprietors of the Democrat state, in the same connection, that they have added largely to their printing establishment, and now claim to be as well furnished with all the stock and materials of their business as any Office in the State.—The Democrat is always frank, if not always fair, and upholds its peculiar views with vigor, fearlessness and ability. The 'Old Oaken Bucket' is hence forth to be published at the Democrat Office, and meets the patronage of the Sons of Temperance and friends of the Temperance cause throughout the State.

Search for Sir John Franklin.—Lt. Pim of the British Navy, as we are informed by late accounts from Europe, has started on his northwestern journey in search of the lost navigators. His plan is to travel by way of St. Petersburg, Moscow, Tobolsk, Irkutz, and Takontz, to the mouth of the Kolyman, and thence commence exploring the coast of Siberia east and west, from the north-east cape of Asia to the Cape north of Cook, altogether a distance of 10,000 miles.

From St. Petersburgh where Lieut. Pim will stop in order to secure the requisite aid, and proper facilities for accomplishing his long journey—the proposed track will lead to Moscow by railway; from Moscow to Irkutz by sledges, a distance of 3,543 miles; and from Irkutz to Takontz, also in sledges, a distance of 1,821 miles; the whole journey occupying about 4 months. At Takontz all regular travelling conveniences terminate, and 1,500 miles to the river Kolyman, as well as the 2,000 miles of search, will have to be performed in a manner best adapted to the resources of the country.

It is stated in the Washington Intelligencer, that in view of the failure of several parties in Europe, on whom bills have been drawn by emigrants in this country, it is proposed to establish an international postoffice money-order department by the United States and Great Britain, through which remittances can be made at such a rate of exchange as will barely cover the expenses of the department, and thus insure perfect credit and safety.

The Legislature of Vermont, at its recent session, enacted a law forbidding the employment of conductors, engineers, brakemen or switchmen 'who shall make use of intoxicating liquors as a beverage.' The employment of such a person, with the knowledge of the President, Superintendent, or any of the Directors, exposes the company to prosecution, and a fine of $300, to $3000, besides being liable for all damages that may result.

Hungarian National Loan.—The N. Y. Tribune, of the 12th instant, announces that a "responsible Loan Committee" is to be organized in that city forthwith, and that "subscriptions to a Hungarian National Loan in sums of $100 and over will be publicly called for." It promises full and definite particulars in a few days.

The Hungarians in this city, upon the receipt of the French news, determined to start for Europe. We understand half of them will go by way of New Orleans and half by the way of New York.—*Chicago Democrat.*

If the news by the Europa started these Hungarians, the news by the Baltic will probably stop them. The pear is not yet ripe in Europe.

Geneva College—Change of name.—The conditions of the grant of $3000 annually in perpetuity to the above Institution by Trinity Church, were that the name should be changed to 'The Hobart Free College of Geneva,' and that after this year the students should be required to pay neither tuition, nor room rent. These conditions have been accepted.

The New Hampshire Whig State Convention which met at Manchester, a week or two since, nominated Thos. E. Sawyer as candidate for Governor, and the following gentlemen as delegates to the Whig National Convention in 1852, to wit:—From district No. 1, George Wadly; No. 2, George Nesmith; No. 3, A. O. Stevens, No. 4, John T. Walker.

Savannah and Chattanooga.—A train of cars loaded with Cotton, arrived recently at Savannah, without breaking bulk, from Chattanooga, Tennessee, 400 miles distant. Georgia is the Empire State of the South.

A VISIT FROM ST. NICHOLAS.

BY C. C. MOORE.

'Twas the night before Christmas, when all thro' the house
Not a creature was stirring, not even a mouse;
The stockings were hung by the chimney with care,
In hopes that St. Nicholas soon would be there;
The children were nestled all snug in their beds,
While visions of sugar-plums danced thro' their heads;
And mamma in her 'kerchief, and I in my cap,
Had just settled our brains for a long winter's nap—
When out on the lawn there arose such a clatter,
I sprang from the bed to see what was the matter.
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.
The moon, on the breast of the new fallen snow,
Gave the lustre of mid-day to objects below.
When, what to my wondering eyes should appear
But a miniature sleigh and eight tiny reindeer,
With a little old driver, so lively and quick,
I knew in a moment it must be St. Nick.
More rapid than eagles his coursers they came,
And he whistled, and shouted, and called them by name:
"Now, Dasher! now, Dancer! now, Prancer! now, Vixen!
On! Comet, on! Cupid, on! Donder and Blixen—
To the top of the porch! to the top of the wall!
Now dash away, dash away, dash away all!"
As leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky,
So up to the housetop the coursers they flew,
With the sleigh full of toys—and St. Nicholas too.
And then in a twinkling I heard on the roof
The prancing and pawing of each little hoof.
As I drew in my head, and was turning around,
Down the chimney St. Nicholas came with a bound.
He was dressed all in fur, from his head to his foot,
And his clothes were all tarnished with ashes and soot;
A bundle of toys he had flung on his back,
And he looked like a pedlar just opening his pack.
His eyes—how they twinkled! his dimples, how merry!
His cheeks were like roses, his nose like a cherry;
His droll little mouth was drawn up like a bow;
And the beard on his chin was as white as the snow.
The stump of a pipe he held tight in his teeth,
And the smoke, it encircled his head like a wreath.
He had a broad face and a little round belly
That shook, when he laughed, like a bowl full of jelly.
He was chubby and plump; a right jolly old elf;
And I laughed when I saw him, in spite of myself.
A wink of his eye, and a twist of his head,
Soon gave me to know I had nothing to dread.
He spoke not a word but went straight to his work,
And filled all the stockings; then turned with a jerk,
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose.
He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle;
But I heard him exclaim, ere he drove out of sight,
"Happy Christmas to all, and to all a good night!"

City Matters.

The Devil Stalks About at Midnight.—Mr. Walter Burke, proprietor of the Wooden Factory in Kilbourntown, was assailed on Sunday morning a short distance below the Mansion House, on West Water-st., by some diabolical miscreant, who commenced the attack by presenting a pistol, which, however, he saw fit not to use, but hesitated not to make a free use of his hands.—After a short scuffle he succeeded in throwing Mr. Burke on the ground, and then commenced choaking and biting his face and forehead in a wolfish manner. Luckily, at this critical moment, the noise of the fracas awakened a German, who jumped out of bed, and by raising a window, drove the monster from his position, who, however, took Mr. Burke's cap and tippet, valued at some $9 with him in his flight.—*Free Democrat.*

Fire.—While the telegraph was sounding the alarm, yesterday morning, of a fire in Washington, the bells of our city announced a fire in the fifth ward. It proved to be a small wooden shanty, two or three doors south of the bridge, occupied by Mr. Collins as a Grocery and Provision Store. The fire took from the stove pipe, and was extinguished in short order, by Engine Company No. 1. Loss inconsiderable.

Excelsior Society.—The proceedings of the meeting of the Excelsior Society will be found in our columns. Those who are already members, or who wish to become so, and who intend to participate in the Annual Festival, are requested to give early notice to some member of the Committee of Arrangements. The Committee met at "the Home" at 12 o'clock to-day, to make out the programme of the entertainment.

Yesterday was a busy day in town. The streets were "jammed" full of teams all day long, and the sidewalks crowded with eager purchasers, curious to see all the curious things. It was a day when everybody that is anybody, and has any loose change, was anxious to spend it for somebody else's benefit. We want more of such people—more loose change, and more such forgetfulness of self.

Milwaukee Orphan Asylum.—The Annual Report of the Managers of this excellent Charity will be found in our columns this morning. Considering the means at their command they have accomplished wonders and deserve to be cheered and encouraged, in their labors of love, by a generous public. We hope to see the Festival next week, in aid of the Asylum, liberally patronized.

Busy Streets.—Our streets were crowded with teams yesterday, bringing in produce from the country, or loading up with Merchandize, &c., in return. Large quantities of fine Pork were brought in, some of which was hauled seventy-five, or a hundred miles to market. The price for Pork keeps up well and pays the Farmer handsomely.

A Special Edict.—Inasmuch as, by an oversight, we neglected to invite attention to the superb assortment of Gift Books, &c., to be seen at Chapman's, 165 East Water-st., we therefore devote a paragraph to his special benefit. We don't exactly see the necessity of it though, judging from the crowds in attendance there yesterday.

Mr. J. B. Rice, with a portion of his Company, has gone to Chicago to open the Theatre there during the Holiday season. The rest of the Company, under the direction of the Stage Manager, Mr. Hann, remain here for a week or two longer.

To Correspondents.—The communication addressed to this paper through the Post Office, complaining of a house on Market Square, might better be sent to the owner of the premises, who will no doubt right the wrong complained of, as soon as his attention shall be called to it.

Our friend Emery requests us to notify the public that in addition to all the usual nice things to be had at his Saloon, he will provide to-day, in honor of Christmas, some small forms of Ice Cream and Charlotte Russe.

Theatre—Christmas Night.—A great bill is offered by the Manager to-night, including four popular plays and an unusual variety of Dances, Music, &c. It being a Holiday night there will be a good house no doubt.

We are requested to state that the O'Rielly Telegraph office will be open to-day from 8 till 10 o'clock A. M.

Sentence of a Highway Robber.—We learn from the Portland Advertiser, that the trial of Wm. H. Hall, accused of aggravated assault and robbery upon the person of ——— Hankerson, was finished, before the Supreme Court in that city, and resulted in his being sentenced to the State Prison for life.

The prisoner is quite a young man, and one of the witnesses testified that he never knew him to be engaged in any business.

The Accident to the Sultana.—The Sandusky Commercial Register says that the Sultana was on her way to Toledo, and not running into Sandusky, when she struck the rock which caused her to leak so badly. She went into Sandusky as a harbor of refuge. We are glad to learn that the Sultana has been raised and the leak stopped.

Harvard Library.—The celebrated Mathematical Library of the late Professor Jacobi, has been purchased for Harvard College, by Mr. George Bond, during his tour in Germany. It consists of over 1000 volumes, and cost only $1500.

Slavery in South Carolina.—The Greenville Patriot, a Union paper in S. C., says that it likely that a bill to prohibit the introduction of slaves for hire or sale, will come before the Legislature at this session.

The proprieter of a bone mill advertises that those sending their own bones to be ground, will be attended to with punctuality and despatch.

Milwaukee Orphan Asylum.

Messrs. Editors:—In compliance with a resolution, passed at the Annual Meeting of the Milwaukee Orphan Association, I send you the Annual Report, together with the list of Officers, and request the favor of their insertion in your paper.

Respectfully, &c.,
M. B. TAYLOR, Secretary.

Report of the Milwaukee Orphan Asylum.

To the Patrons of the Milwaukee Orphan Asylum, its Board of Officers and Managers would, on the occasion of this its second Anniversary, present the following Report:

Two full years have now elapsed since the friends of the Asylum, reposing confidence in God above, and generous human sympathies,—yet with some misgivings—put their hands to this work. Two years of successful, onward movement have confirmed their wavering faith, and, as we may trust, have placed their enterprise before the community—no longer in the light of an experiment, but of an approved and useful public Institution. As the appointed guardians of this Institution, your Board of Officers and Managers feel deeply the responsibility resting upon them to make it, in all respects, as useful to the interests of society and suffering orphanage as it is capable of becoming. This object they have unwaveringly kept in view, modifying their course, in any instance, only for the want of adequate resources.

As we review the experience of the past year, we cannot but feel that we are bidden by God and of this community, to go forward, and even "to lengthen our cords and strengthen our stakes." With no reliable pecuniary income, we have yet been provided for, from day to day, meeting fresh encouragement almost at every step. Aid has come to us most opportunely from sources where we had not thought to apply. At an hour, when dark clouds seemed hovering in our horizon, light has broken in, and the gathering shades have been dispelled. Trouble has been averted. Sickness and death have, with a single exception, been spared. Our Orphan family have laid them down and slept, and have awakened in safety, to bless a Father's care.

In being provided with a Matron—who engages in her work from high motives, and with a view to permanency in this Institution—we feel that we have been signally favored. Under her efficient guidance, our orphan household has been made to assume a character and degree of interest which could hardly have been expected—the family expenses have been regulated by a most rigid economy, yet so as to secure a reasonable degree of comfort; and an inviting, happy home has been created, to throw its sweet, sacred influences around the gathered outcasts beneath its roof.

One most important item in the prosperity of the last year, is the donation of a valuable building lot, by Mrs. Wm. P. Young. This most generous contribution furnished us a reasonable basis for expecting and attempting enlargement and improvement in our system of operations. The promised grant of $500 from the Common Council, we cannot doubt will, ere long, be increased by generous additions from other sources; and we shall be enabled to make our present prosperity available to the increased comfort and benefit of the houseless ones of our community.

A most essential service indeed, as well as an expression of interest in our cause, most gratifying, demands our cordial acknowledgments also to Mrs. Torrey, Mr. Wanelink, Mr. Beiderman, and other amateur performers, whose admirable Concert gave universal satisfaction to our citizens and brot't needed funds into our Treasury. The occasion was also characterized by other benefactions. The entire amount of printing connected with the Concert was gratuitously performed by the several establishments of the city: the use of the church was freely accorded, and the other favors granted. May such kindness to the orphan react in blessings upon the givers.

Nor are our large donations, alone, a source of encouragement and assistance to us; but the gathered pennies of the little family group, the remaining dish from the bountiful table of those who know not want, the substantial garments and tasteful patch work of the little Sewing Circle, and even the half worn clothing, books and toys, all serve as helps and aids in our miscellaneous family. Will not the friends of the orphan be always mindful to extend the aid which is thus in their power?

The particular history of this enterprise, the objects it proposes to accomplish and the specific means employed for this purpose, having been detailed in a former Report, need not be repeated here.

The statistics of the Institution are as follows:

Admitted since opening the Asylum	16
" during the past year	23
Present number	11
Died	1

The obvious disproportion existing between the number of children admitted and those remaining in the Asylum is explained by the following considerations:—

Not only does the Institution offer itself as a permanent home to the absolutely friendless, hopeless orphan, but as a foster home to those who are destined to find among kindred or stranger friends, a name and a place as sons and daughters. On account also of our limited means and the many cases demanding our care, we have felt it incumbent upon us to commend orphan children to the care of surviving relatives, when practicable, and they have seemed able and willing to assume the responsibility of their support. Accordingly a considerable number of the children who have formerly been with us, are now with the surviving parent or with family friends. A considerable number have been adopted into good families, and some of a suitable age, have been indentured. In future, however, if a benevolent public shall furnish us the means, it may be deemed a wiser policy to retain a greater number of children to be trained under our own eye for efficient usefulness.

In closing this imperfect Report, it is necessary still further to advert to the subject of funds.

Our Treasury is now quite exhausted; yet the responsibility of the orphan family is upon us and must be met. Can it be that there is one person in our community who does not heartily approve the effort to protect these outcast little ones—to train for God and duty the otherwise prospective criminals of our land? It is obvious of course, that the efforts and benefactions of a few maided individuals can never suffice to accomplish this work. And shall not, then, the enterprise be recognized as an object of general interest, and secure a generous share of public sympathy and aid? And will not a liberal-minded community devise liberal things in its behalf, and plant deep and strong the foundations of this rising Institution, that Wisconsin's future generations, together with the saved orphan, may rise up and bless them.

In behalf of the Board,
L. A. PARSONS, Sec'y.

RUFUS KING, Pres'nt.
H. P. Hubbell, Sec'y.

Mr. Edward H. Church, whose decease is recorded in the resolutions which we publish below, was well known to many of our citizens as a prompt and upright business man, and one whose social qualities endeared him to all who possessed his acquaintance:

East Troy, Wis., Dec. 20th, 1851.

The following Resolutions were passed at a meeting of Trojan Lodge No. 45, I. O. O. F., on the occasion of the death of Bro. Church, one of its members.

Whereas, It has pleased an all-wise Providence to visit our Lodge with the hand of death, and remove from our midst a worthy Brother, Therefore

Resolved, That in the death of our Bro. Edward H. Church, this lodge has sustained an irreparable loss.

Resolved, That we feel, in this the first visitation of our lodge by the hand of death, that we have cause to mourn with those that mourn, and weep with those that weep.

Resolved, That we, as members of this fraternity, have lost an esteemed Brother—our lodge a worthy member—this community a kind neighbor—the State a good citizen, and the world an honest man.

Resolved, That we deeply sympathize with the relations and friends of our deceased Brother, in this their trial and affliction.

Resolved, That the members of our lodge wear the mourning badge of our order for the space of thirty days.

Resolved, That a copy of these resolutions, attested by the N. G. and Secretary, be forwarded to the father of our deceased Brother—also, copies to the Golden Rule, Rochester American and Milwaukee Sentinel for publication.

Illinois Whig State Convention.

Springfield, Dec. 22.

The Illinois Whig State Convention met to-day at 10 o'clock, A. M., and organized by the appointment of Jonathan Mayo, of Edgar Co., President; Chas. Betts, of Stephenson Co., Jno. T. Stuart, of Sangamon, and L. D. Plant, of Bond Co., Vice Presidents; Dr. Jones, of Sangamon, and G. W. Hollister, of Jo Davis, Secretaries.

9 o'clock P. M.

The convention met pursuant to adjournment at ½ past 6 o'clock.

The report of the committee, appointed at the morning session to prepare business for the convention, reported that it is inexpedient to nominate State officers, but recommended a convention to be held on the first Wednesday of July.

The report was adopted.

The committee appointed to report the names of delegates at large to the National Convention reported the following:

E. B. Washburn, Jo Davis Co.; B. S. Edwards, Sangamon; Peter Neff, Edgar; Joseph Gillespie, Madison.

The several congressional district commissioners then recommended the following names as congressional delegates to the National Convention, viz:

R. J. Wingate, 1st district; L. D. Plant, 2d; Thos. F. Marshall 3d; G. W. Meeker, 4th; Geo C. Bester, 5th; N. Belcher, 6th; Wm. Layne, 7th.

On motion, it was resolved that the delegation cast a unanimous vote for President and Vice President, to be decided by a majority of delegates in attendance.

Washington, Dec. 10.

Mr. Cass presented the petition of certain Hollanders, settlers in the counties of Ottawa and Allegan, in the State of Michigan, asking an appropriation for the improvement of Black Lake harbor, in that State; which was referred to the Committee on Commerce.

These Hollanders would have got their harbor, and so would have all the rest of us, had the two Michigan Senators voted the way the Illinois Senators did, or had Senator Walker voted the way his colleague, Gen. Dodge, did.—*Chicago Democrat.*

Elkhart, Ind., Dec. 24.

The Drug Store of John A. Davis and the Grocery Store of John McNaughton were consumed by fire at 2 o'clock this morning.

Some insurance—loss not known.

Fire.—Yesterday morning between five and six o'clock, a fire broke out in the grocery store of Mr. C. N. Murry, corner of Van Buren and Canal streets, which together with a larger proportion of the goods, was consumed, and also the building adjoining. The buildings were of wood, and burnt like tinder, and though the Fire Department were on the ground very quickly, scarcely a half hour elapsed after the alarm was given, before the buildings were totally consumed.—*Chicago Democrat 21st.*

Horrid Railroad Accident.—At 5 o'clock yesterday afternoon, Mr. Ewing, expressman from New York, coming from the latter place, fell between the cars at Rahway, N. J., and had both of his legs dreadfully crushed. He was thought to be dying when the Philadelphia train left. Mr. E. was formerly in the employ of Adams & Co.—*Phil. North Am., Thursday.*

Introduction of Slaves.—It is not improbable that a bill to prohibit the introduction of slaves for sale or hire in this State will be introduced in our legislature at the present session. Similar movements are making in the legislatures of Georgia and Alabama, and in the former particularly, with a prospect of success.—*Greenville (S. C.) Mountaineer.*

Southern Michigan Railroad.—We learn from the South Bend Register that the rails of the Southern Michigan road have been laid to Plainfield, on Terra Coupee Prairie, twelve miles west of South Bend, and are expected to reach Laporte some time next month. West of Michigan city the track is laid almost to the Illinois State line.—*Chicago Democrat 23d.*

Reception of Mr. Letcher at the City of Mexico.—A letter in the New Orleans Picayune, dated the 22th ult., says:

'Governor Letcher, and George W. Slocum Esq., United States agent, sent out to make inquiries in regard to fraudulent claims, arrived on the 9th ult. Mr. Letcher received a hearty welcome by his friends in this city. President Arista sent his carriage and bodyguard several leagues to receive him on the day of his arrival."

Rush Medical College.—This flourishing Institution located in our midst, is now in full session.

Among the students, there are representatives of seven States, viz: Michigan, Indiana, Ohio, Wisconsin, New York, Massachusetts and Illinois.—The whole number exceeds one hundred.—*Chicago Journal.*

We understand that the individual alluded to by Simeon Draper, Esq., in his speech at the Kossuth dinner last night, as having given One Thousand Dollars to the Hungarian Committee was Horace Greeley, Esq.—*New York Times.*

Failure.—We understand that the Commercial house of Mixer and Pitman, Boston, who have been extensively engaged in the oil trade, suspended payment on Saturday for liabilities to a heavy amount.—*New Bedford Mercury.*

Railroad Meeting.—A mass meeting has been called at the Methodist Church, in this place, on Saturday next, the 20th instant. ONE THOUSAND shares of stock having been nearly taken in the Potosi & Dodgeville Railroad Company, the object of the meeting is, to secure the number of shares wanting to make the complement, and take the necessary preliminary steps for organization. Several speakers are to be present, and as the subject is one of paramount interest to all, it is hoped no man will excuse himself from attendance. Our Railroad, thro' individual efforts, may be said to be now fairly under headway.—An organization, however, is necessary before any thing farther can be done—the company then having a real instead of an ideal existence, can enter into an alliance to secure a connection with the eastern company—devise plans—contract and be contracted with—and negotiate for means for the future prosecution of the work. Again we say, let us have a full meeting. Now is not the time to falter, or tremble.—*Potosi Republican.*

The Ruling Passion.—A gentleman who was formerly connected with the late John Jacob Astor in the extensive fur-trade of the North-West, and who has been stopping for a few days in Detroit, tells the following characteristic anecdote of the last hours of that noted individual. While he lay shortly expecting his end, his wife, who is a very pious woman, asked him if he would like to have her read passage of scripture to him. The old gentleman, in a feeble voice, gave his assent, and named the narrative of Sampson and the foxes as the portion which he desired her to read. Mrs. Astor complied, and upon the conclusion of the chapter the old gentleman remarked that it was good; but that it was a great pity about the foxes tails, for, said he, "they used to be a quicker sale then any other furs!"—*Detroit Advertiser.*

We understand that the splendid house of Charles M. Parker on the corner of Fifth-Av., and Fifteenth st., has been sold, with the furniture, to Mr. George Law, for $65,000.—*Times.*

COMMERCIAL.

THE MARKETS.

Office of the Daily Sentinel, Milwaukee, December 25, 1851.

Yesterday was, of course, a very busy day. In addition to the produce usually coming in from a distance, hundreds of teams of all sorts were in from the adjoining towns, bringing articles for sale, and making up their budgets of purchases for the season.

Grain was more abundant in market, but we note no change in price.

Pork holds its own well, sales being large and on the increase, at prices ranging from $4@4,50, according to weight and quality.

Chicago, Dec. 22.

Receipts since Saturday noon are light, amounting to only 180 bu wheat, 378 bu corn, 409 bu oats, and small lot barley.

Wheat—Sales spring, from teams, at 35@42c for milling, and 33½ for store.

Corn—We observe shelled brings 35—ear 33c ⅌ 70 lbs.

Oats—Upward tendency—sales 409 bu from teams, at 16@17c ⅌ 32 lbs.

Hogs—Receipts moderate—prices even at Saturdays quotations, viz: $3.75@4,00 for packing—retail sales at $4,11@4,25.

New Orleans, Dec. 20.

Molasses—1000 bbls sold at 21½ for prime and choice lots.

Flour—sales 12,000 bbls Ohio in flat boats at 3.95. 800 bbls extra St. Louis at 5,00; 200 Illinois at 4.25@4.30.

Corn—270 sacks yellow at 58 cents and smaller lots at 55 cents.

Freights—nothing doing.

Oswego, Dec. 12.

There is some eastern demand for flour and wheat for transportation by railroad. There was a sale a day or two since of 3,000 bu Toledo wheat, to go by the railroad, at 75c from store.

Thompson's Bank Note Reporter has the following caution:

"We have been compelled to quote as doubtful four of the branches of the Ohio State Bank; Farmer's Branch, Ashtabula; Summit County, Cuyahoga Falls; Licking County, Newark; Toledo Branch.

The law authorizing the State Bank System, bound the Branches, collectively, to make good the circulating notes of each individual Branch, so that the bill holders will lose nothing—but the depositors, draftholders, &c., must look to the Branch itself for all deficits."

MARRIED.

Conflagration at Washington.

WASHINGTON, Dec. 24—9 a. m.

The Capitol at Washington just Burning.

Dec. 24—9¼ a. m.

The Library Buildings at the Capitol are burning! Cannot get water. Do not know when it can be stopped!

Washington, Dec. 24th—11 o'clock, A. M.

The fire broke out at 8 A. M., in the Congressional Library. Library entirely destroyed, and from a scarcity of water, the destruction of the whole edifice is feared. The flames are still raging. Baker's Hotel, adjoining the Intelligencer Office, is entirely destroyed.

Reception of Kossuth.

Philadelphia, Dec. 24.

Kossuth arrived here this A. M., and took up his quarters at the U. S. Hotel. The city is all astir. The military and the numerous civic societies are out, and forming an arch in the street, preparatory to the procession.

Nearly 2000 military are out, and there are about 20 companies from the interior.

Kossuth will review the military before the procession starts. After it is over, he will be welcomed to the city by Mayor Gilpin, in Independence Hall, and will afterwards speak in Independence Square. He partakes of the Corporation banquet at the U. S. Hotel.

SECOND DESPATCH.

Philadelphia, 12 a. m.

The Military and Civic Procession is in motion. Kossuth has just reviewed the military from a barouche, drawn by six greys. The civic procession exceeds that of New York in display.

There are immense crowds in the line marked out, and the greatest enthusiasm prevails.

New York, Dec. 24.

The special committee appointed by the Board of Aldermen to consider the petition that Mr. E. H. Riddle be permitted to erect a building of glass in Madison Square, 600 feet by 200, for an Industrial Exhibition for all nations, reported favorably last night, and much discussion followed; but the report was finally adopted.

Amongst the conditions imposed is one that the admission shall, on no occasion, be more than 50 cents.

Kossuth departed for Philadelphia in a special train from Jersey City at 12 o'clock last night.

Louisville, Dec. 23.

The Hon. Henry Clay's letter resigning his seat in the U. S. Senate, was received in the Senate of Kentucky to-day, when the usual resolutions to elect a Senator on Thursday next.

Boston, Dec. 24.

Messrs. Munot and Hooker's stores, 40 India Wharf, were damaged by fire this A. M. to the extent of $5000.

The steamship *Magara* sailed at noon to-day for Liverpool, with 45 passengers, 8 for Halifax.— She has about $300,000 in specie.

Baltimore, Dec. 24.

Important modifications of the Tariff have passed the Mexican Chamber of Deputies, but their passage by the Senate was considered doubtful.

The appearance of the British fleet off Vera Cruz had caused much attention.

On the night of the 31st of October, a row took place at Acapulco, in which the captain and sergeant of the steamship Unicorn, and seven Frenchmen were severely beaten.

The Mexican Senate adopted the report adverse to the proposition to construct a rail road from Acapulco to the capital. Gen'l Almonte had sent in a memorial to Congress, requesting the formation of a Junta of the principal officers of the army, and navy, for the defence of the nation.

(For Second and Third Despatches see report by Speed's line.)

FOURTH DESPATCH.

Washington, 24—4 P. M.

A force of mechanics and marines from the Navy Yard have labored constantly all the morning at the Capitol, and at 12 o'clock had succeeded in separating the ruins of the library part of the building from the dome of the rotunda, and by the application of water in buckets succeeded in preventing the spread of the flames, and saving the dome.

The President and members of the Cabinet have been on the ground all the morning, giving directions, and urging the firemen and workmen to almost superhuman exertions.

The whole contents of the library were destroyed, owing to the dense volumes of smoke. All attempts to save anything were in vain, when the fire was first discovered. The cold is intense and the firemen have suffered very much. But very little water could be had. The heat from the burning books in the library was overpowering, but the ceiling being fire proof, the roof was partially protected. Considerable fire in the building yet, but it is believed to be beyond further danger.

The fire took place in the Franklin Hotel before daylight. The boarders and the family of Mr. Baker, escaped with difficulty.

LATEST!

Washington, 24th—7 P. M.

The fire in the Congressional Library broke out this A. M. at about half past 7 o'clock. When it was first discovered, the flames were then at the centre table sweeping around to the northwest. When the doors were burst open a few buckets of water would have suppressed the fire, but very shortly, and by the time the alarm had been sounded, the entire Library was in flames.

The Library contained 50000 volumes. Of these about 20000, in an adjoining room, were saved. All the busts, paintings, and elegant furniture were destroyed.

The flames were got under about 12 o'clock, but columns of smoke from the burning fragments are still rolling up.

It is not ascertained whether the fire caught from the flues of the gas lights or whether it was the act of an incendiary.

Loss estimated at $100,000.

The roof of the building is all burned off and the exterior of the west wing is blackened by smoke.

An engine was placed in the Rotunda; every passage in the building was flooded with water.— Most of the water had to be carried in buckets. There were many thousand people present. The dome was at one time in danger, but this and the two chambers of Congress are uninjured.

THE MARKETS.

New York, Dec. 24.

Flour—sales choice brands and common Ohio at 4.50 a 4.62—mixed and fancy western to favorite round hooped Ohio 4.56 a 4.68; Canadian firm at 4.31 for No. 1 in bond.

Corn meal 3.12 for Jersey, 3.37 for Brandywine.

Wheat market firmly held; a cargo of Michigan was taken within the range of 1.00 a 1.02.

Rye quiet at 76 a 77.

Barley two rowed at 80 a 83.

Oats less freely dealt in—northern quoted at 44 a 47½.

Corn—holders of western mixed ask 66 a 67c, but buyers refuse to pay so much.

Pork—better request—sales 100 bbls mess at 15 a 15.25, and prime 13.50 a 14.00; cut meats quiet; dressed hogs in demand at $6.25 a 7.50.

Bacon very dull at 8c per lb; Lard in active demand at 8¾ a 9¼c.

Whiskey no change—prison 22 a 22½, drudge 21½.

BY SPEED'S LINE.

THE CONFLAGRATION.

Washington, 24, 9, A. M.

The Capitol is in flames!

9¼, A. M.

The library is already entirely destroyed.

The fire was discovered about daylight and had then made good headway.

The weather is very cold, and water being scarce, the Engines can do nothing.

Buckets are only being used to suppress the flames.

The Speaker of the House and many of the members are on hand and are in hopes of being able to confine the fire to the Library.

SECOND DESPATCH.

Washington, Dec. 24, 10½ P. M.

The fire is still raging, there being scarcely any water to quell the flames.

The Pictures in the Rotunda have been saved. The calamity causes universal regret.

THIRD DISPATCH.

Washington, 12½, P. M.

The fire in the Capitol is subdued.

The Library, with the Document Room, is completely burnt out, and fully three-fourths of the library is consumed, including the most valuable portion of it.

Many of the books are rare works and can never be replaced.

No damage has been done to any other part of the Capitol except by water.

The fire was first discovered about sunrise by the Watchman and some time elapsed before general alarm was given. The Watchmen endeavored for two or three hours to extinguish the flames, but without avail.

The Engines here were delayed, having been engaged during the latter part of the night at another fire, which destroyed Baker's Hotel, in the rear of the Intelligencer Office and Franklin Inn, corner 8th and Dey Streets.

The fire at the Capitol would have been subdued much earlier, but the engines on account of intense cold, could not work, and the Hose was nearly unserviceable by freezing.

The fire is supposed to have caught from the flues connected with the furnace in the basement of the Capitol. All the fire companies belonging to Washington, and one or more from Alexandria are on the ground rendering effectual service.— President Fillmore, the Mayor, Speaker Boyd and numerous members and officers of Congress were early on the ground, rendering all the aid in their power.

Washington, 2 P. M.

It is yet too early to ascertain the loss; in fact it cannot be correctly ascertained.

Many of the documents and books are of great value, and no amount of money can replace them.

The Library presents one blackened mass of ruin—and the dismay exhibited in every countenance is most painful.

Fire at Detroit.

Detroit, Dec. 22.

At 6 o'clock this morning a fire broke out in the Grand Circus Hotel, corner of Woodward Avenue and Grand Circus, consuming the hotel connected therewith. Moore's cabinet shop adjoining was partly consumed and also the dwelling of Mr. Murphy.

Pittsburgh, Dec. 22.

The river three feet; weather cold and cloudy, indicating snow.

This morning at five o'clock, Rev. Mr. Frawell's boarding school for boys, fifteen miles below, was burned to the ground with the entire contents, mostly insured. No lives were lost.

TAKE NOTICE!

PATENT
BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's House, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Mansion, O.; Neil House, American House, Capital House, P. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1,25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a commonsense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects, to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

JOHNSON'S CHEMICAL
HAIR INVIGORATOR,

To Prevent Baldness, and to Restore the Hair that has fallen off or become thin, and to cure effectually

SCURF OR DANDRUFF.

Prepared only by S. JOHNSON, 151 E. Water-st. FOR THE TOILET,

THE INVIGORATOR is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It cleans the pores of the skin, causes a healthy action of the blood vessels, nerves, &c., which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff, and other cutaneous diseases, disposes the hair to curl, and keeps it so; will positively change the harshest hair into the most soft, healthy, glossy state, also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life.

Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair.

THE ECONOMIST
Double Oven Cooking Stove,

(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. PATENT MEDICINES.

Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S. JOHNSON, Jr., and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians of the best standing, who have prescribed it, and from others who have been helped by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical treatment had failed! For inflammatory Rheumatism, Burns, Frozen, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

☞ The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article.

Dr. Guysott's Improved Extract
OF
Yellow Dock and Sarsaparilla.

IS NOW PUT UP in the largest sized Bottles, and is acknowledged to be the BEST SARSAPARILLA made, as is certified by the WONDERFUL CURES it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only TRUE and ORIGINAL article.

This Medicine, when used according to directions,

Will Cure Without Fail,

Scrofula, or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm, or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Disease of the Kidneys, Loss of Appetite, Diseases arising from the use of Mercury, Pains in the Sides and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, and Costiveness.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the unvarnished truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so perfectly and complete as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.

J. B. TRIPP & Co.

HINMANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully,

N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not trumpeted until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrening ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to do something while life more [illegible] on the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessing of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidently appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked,—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" The answer is obvious, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce one of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of my medicine?

Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDALL, M. D.

Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

JAMES M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

No matter what the cause of pain be—if it arises from nervous prostration, muscular debility, disarrangement of the functions of the liver or secretions of the skin, whether it be rheumatism, neuralgia, sick or nervous headache, nervous irritability, spasmodic affections, cramps, diarrhœa, bowel complaints, chills and fever, whether it originates from internal derangements or external injuries—Radway's Ready Relief, taken internally and applied externally, will speedily and effectually stop the pain and cure its cause.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful.

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city.
